## U-M HEALTH

### Silver plan

### Community Blue<sup>SM</sup> PPO ASC

### Effective Date: On or after January 2026

### Benefits-at-a-glance

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

**Prior authorization for Select Services** - Services listed in this BAAG are covered when provided in accordance with Certificate requirements and, when required, receive prior authorization or approved by BCBSM except in an emergency.

**Note:** A list of services that require approval **before** they are provided is available online at [bcbsm.com/importantinfo](http://bcbsm.com/importantinfo). Select **Approving covered services**.

Pricing information for various procedures by in-network providers can be obtained by calling the customer service number listed on the back of your BCBSM ID card and providing the procedure code. Your provider can also provide this information upon request.

**Prior authorization for Specialty Pharmaceuticals** - BCBSM will pay for FDA-approved specialty pharmaceuticals that meet BCBSM's medical policy criteria for treatment of the condition. The prescribing physician must contact BCBSM to request prior authorization of the drugs. **If prior authorization is not sought, BCBSM will deny the claim and all charges will be the member's responsibility.**

Specialty pharmaceuticals are biotech drugs including high cost infused, injectable, oral and other drugs related to specialty disease categories or other categories. BCBSM determines which specific drugs are payable. This may include medications to treat asthma, rheumatoid arthritis, multiple sclerosis, and many other diseases as well as chemotherapy drugs used in the treatment of cancer, but excludes injectable insulin.

#### Provider Networks

Your health care benefits include three provider networks or tiers

- **Tier 1: U-M Health Regional Plans**  
Members will experience the **least** out-of-pocket cost when facility and professional services are provided at U-M Health Regional. This network is also referred to as **Tier 1** throughout the coverage specifications.
- **Tier 2: BCBSM PPO In-network Facility and Professional Providers**  
When services are performed by a provider who is part of BCBSM's PPO in-network, members will experience **greater** out-of-pocket costs. This tier is referred to as **Tier 2** throughout the coverage specifications.
- **Tier 3: Out-of-network Facility and Professional Providers**  
Members are subject to the **greatest** out-of-pocket expenses when treatment is sought and received from non-panel providers without an authorized referral or in absence of an emergency. This tier is referred to as **Tier 3** throughout the coverage specifications.

Blue Cross provides administrative claims services only. Your employer or plan sponsor is financially responsible for claims.

Blue Cross Blue Shield of Michigan is a nonprofit corporation and independent licensee of the Blue Cross and Blue Shield Association. Services from a provider for which there is no Michigan PPO network and services from an out-of-network provider in a geographic area of Michigan deemed a "low access area" by BCBSM for that particular provider specialty are covered at the in-network benefit level. If you receive care from a nonparticipating provider, even when referred, you may be billed for the difference between our approved amount and the provider's charge.

Blue Cross Blue Shield of Michigan is a nonprofit corporation and independent licensee of the Blue Cross and Blue Shield Association. Services from a provider for which there is no Michigan PPO network and services from an out-of-network provider in a geographic area of Michigan deemed a "low access area" by BCBSM for that particular provider specialty are covered at the in-network benefit level. If you receive care from a nonparticipating provider, even when referred, you may be billed for the difference between our approved amount and the provider's charge.

## Silver plan

### Hearing Care Coverage

#### Effective Date: On or after February 2026

#### Benefits-at-a-glance

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

### Member's responsibility (deductible and copay)

**Note:** Limited to a benefit maximum of \$5,000 for monaural hearing aids and binaural hearing aids every 36 months per member for participating providers

| Benefits   | Participating provider | Nonparticipating provider |
|------------|------------------------|---------------------------|
| Deductible | None                   | Not applicable            |
| Copay      | None                   | Not applicable            |

### Covered services

You **must** receive the following services from a **hearing participating provider**. Hearing care services are **not** covered when performed by nonparticipating providers unless the services are performed outside of Michigan **and** the local Blue Cross and Blue Shield plan does **not** contract with providers for hearing care services. In this case, BCBSM will pay the approved amount for hearing aids and related covered services obtained from a nonparticipating provider. You may be responsible for charges that exceed our approved amount.

If you select a digitally controlled programmable hearing device, you may be responsible for charges that exceed the cost of a covered hearing aid.

| Benefits  | Participating provider  | Nonparticipating provider |
|---|-------------------------|---------------------------|
| Audiometric exam - one every 36 months  | 100% of approved amount | Not covered               |
| Hearing aid evaluation- one every 36 months   | 100% of approved amount | Not covered               |
| Ordering and fitting the hearing aid (a monaural or binaural hearing aid) - one every 36 months | 100% of approved amount | Not covered               |
| Hearing aid conformity test- one every 36 months  | 100% of approved amount | Not covered               |

**Note:** You **must** obtain a medical evaluation (sometimes called a medical clearance exam) of the ear performed by a physician-specialist before you receive your hearing aid. If a physician-specialist is not accessible, your primary care doctor may perform the medical evaluation. **This evaluation is not covered under your hearing care coverage, so you must pay for this exam unless your medical coverage includes coverage for office visits.**

A physician-specialist is a licensed doctor of medicine or osteopathy who is also board certified or in the process of being board certified as an otolaryngologist. A physician-specialist determines whether a patient has a hearing loss and whether such loss can be offset by a hearing aid.
